Let's gooooooooooooo<<End of Email>>(04/18/2016, 10:20AM)

Hey james invited us over to vodka yeyeballing this weekednd! <<End of Email>>(04/18/2016, 10:20AM)

Jenny Study gorroup Hey, wanna study for Friday's chemistry test together? Let's meet at the library after school<<End of Email>>(04/18/2016, 10:21AM)

let's skip school tomorrow and go to the mall! hey wanna study for Friday's chemistry test together? <<End of Email>>(04/18/2016, 10:22AM)

## **4. Files accessed by the user :**

### **Security keywords found for the files accessed :**

### **Files with security keywords found :**

### **All files monitored :**

**File name for the attached file with security keywords found :**

**File name :**

## **D. Suggestions**

When the security keywords were detected for the monitored Internet/Web activities, Suggested security alarm level was changed to reflect the security issues captured. The security keywords and matched Internet/Web activities were identified for your reference.

In order to customize the security report to fit better your needs, you can launch the program file admin.exe located in the installation folder to make changes for configuration options. You can change what are monitored for various Internet/Web activities, Internet/Web applications, time frames, etc. You can also select Internet/Web activities to block so the activity will not be performed if the activity matches the security keywords. If you need additional features for the product, please let us know and we will be happy to discuss any of your requirements with you.

Thank you for using Alvosenet security monitoring product. If you need help for any questions or issues, please contact us by email : [support@alvose.com](mailto:support@alvose.com) or visit our website : <http://www.alvosenet.com>.
